The Divided Kingdom

Name: _____ Date: _____

Follow two kingdoms

Read 1 Kings 12 and 2 Kings 17 and 24-25. Draw separate routes for Israel and Judah. Add Jeroboam and Rehoboam, then match Samaria with Assyria and Jerusalem with Babylon. Older learners can add one example showing that succession, genealogy, and a reign number convey different information.

Use this space for your diagram, notes, calculation, or checked explanation. Keep the printed chapter beside you.

Chapter 7 | Check your reading

Write your answers before opening the explained answers on the resource page.

1. Which first king belongs to Israel and which to Judah?

2. Why is Samaria not Jeroboam’s original capital?

3. Does Jehu’s succession prove he was Joram’s son?

4. Which three kings are omitted in Matthew 1:8’s transition?

5. What do Hezekiah’s 28 and 29 measure in the comparison?

6. Does Israel’s band ending mean every northerner disappeared?
